

PROFESSIONAL  
CERTIFICATION  
COALITION

March 8, 2019

Senator Jason Schultz  
Chair, Labor and Business Relations Committee  
611 Cedar St  
PO Box 70  
Schleswig, IA 51461

**Re: Iowa S.S.B. 1112 and S.S.B. 1126**

Dear Senator Schultz:

The Professional Certification Coalition (PCC) writes to express concerns about the effects of Iowa S.S.B. 1112 and S.S.B. 1126, relating to occupational licensing reform. In their current form, these bills could be misinterpreted to restrict private certification organizations' enforcement of their ethics codes or eligibility requirements. In addition, they could be interpreted as restricting or invalidating licensure regulations that condition licensure on current private certification. Given the importance to the public of the assurances of relevant qualifications and meeting established standards that private certifications confer, the bills should be modified to avoid these potential impacts.

The PCC is a nonprofit association founded last year to address legislative initiatives that affect professional certification programs and those who hold private certification credentials. The PCC currently has well over a hundred members, including non-governmental professional certification organizations, professional societies and service providers. The PCC's members reflect a full spectrum of professions, including health care professionals, professional and civil engineers, human resources managers, financial professionals, and information technology professionals, among many others. The PCC advances the best interests of those who use or rely on professional certification—such as employers, reimbursers, and the general public—as well as of individual professionals themselves who achieve professional certification status, including many residents of Iowa. Our founding organizations – the American Society of Association Executives (the leading organization for association management) and the Institute for Credentialing Excellence (the leading developer of accreditation standards for professional certification programs) – serve as the Steering Committee for the PCC.

S.S.B. 1112 and S.S.B. 1126 advance the important goal of reducing recidivism by making it easier for an ex-offenders to earn a living. We believe this is a worthy

objective and we are supportive of this important next step in national efforts to reform the criminal justice system and to ensure pathways to opportunity for ex-offenders. We also believe that there is no substitute for the subject matter expertise that serves as the foundation for developing professional certifications, whether those credentials are wholly voluntary or a recognized condition of holding an occupational license. Private certification organizations are in the best position to assess what profession-specific certification requirements, both substantive and conduct-related are necessary to protect the public and to qualify for the organization's credentials. The PCC believes it is important to clarify that S.S.B. 1112 and S.S.B. 1126 are not intended to remove certification requirements from practice acts that require licensed professionals to earn and maintain current certifications issued by private certification bodies. We therefore recommend the inclusion of a new Section 3(8) in the bills (Section 272C.13(8) of the statute) to address both of the concerns the PCC has identified, as follows:

Nothing in this section shall be construed to require a private certification organization to grant or deny private certification to any individual, nor alter any requirement in a licensure statute or regulation for an individual to hold current private certification as a condition of licensure or renewal of licensure.

The PCC applauds Iowa for advancing important criminal justice reforms through S.S.B. 1112 and S.S.B. 1126. We respectfully request, however, that you and your colleagues in the legislature amend the bills as we have requested above to avoid intruding on the subject matter expertise of private certification organizations.

Thank you for your consideration of these amendments. If you have any questions regarding this letter, please feel free to reach out to us using the contact information identified below.

Sincerely,

Senator Jason Schultz
